

**From the St. Francis Borgia Bulletin – 2/28/10**

## **FAITH IN OUR FUTURE**

### **UPDATE 5**

What are the next steps for ***Faith In Our Future?***

Most importantly, we want you to know that we are not giving up or altering our plans to build a new Education & Activity Center on our north campus. This new building will serve over 1,000 grade school children in Christian Formation and Catholic school, and over 400 high schoolers who will use the gym and classrooms. So help us spread the news—we are moving forward.

Currently the head of Building Leadership Team, John Dorr, is meeting with our architect and builder to secure architectural drawings for our building. Firms bids will then be solicited once we have drawings. This is the only way we will know the actual price of a new building.

While the BLT works on designs, blueprints, and costs for the building, we are still seeking ways for our parish to realize the final \$2+ million or so that we need to begin. This is where you come in, especially if you have some creative ideas. Archbishop ListECKI and Bishop Callahan have recently indicated a great desire to help us achieve our goal.

You can volunteer to serve on ***Faith In Our Future's*** follow-up committee, which will discuss and implement creative ways to raise an additional and final \$2 M. The Follow-Up Committee will meet with us tomorrow, **March 1, from 7:00 to 8:00 pm** at the parish center. If you are especially dedicated and excited about the idea of our new E&A Center, please come to this meeting. We need your ideas and helping hand to keep our project moving forward.

We are 75% on the way to our goal of \$8 million, with 25% or \$2+ million to go. Pray for the success of ***Faith In Our Future.***
