

**From the St. Francis Borgia Bulletin – 3/14/10**

## **FAITH IN OUR FUTURE**

### **UPDATE 7**

“I am not going to give to the **Faith in Our Future** because my children do not attend the day school.” “When will I ever be in that building?”

The hope of the parish is that this be a true education and activity center for the entire parish. True, the building will be used primarily during the day for the purpose of educating the youth of the parish. But it is also true that the building will be used nights and weekends to educate the youth of the parish. In addition, with more space and a building that is handicap accessible, the building will also be used in the evening for education of adults. We foresee computer classes in a modern computer lab, more adult faith formation classes, more gym time for the numerous high school CYM teams, a place for our seniors to walk (Shopko and Costco are not ideal), perhaps a place to socialize, and to meet. Can you envision the day when after weekday Mass, parishioners head over the EAC to walk and then share a cup of coffee? Can you see a place for religious materials that can be checked out or a place for pamphlets to be disseminated?

We are quite simply out of room. We do not have the space for any of the above.

We are seventy-five percent of the way to our goal. Please consider a gift to the **Faith in Our Future** Campaign. It will be put to good use.

**Kelly Swietlik, co-principal**
