

Sacristan Assistants

Our Mission:

We do weekly light cleaning in the sacristy, care for liturgical garments and articles, and clean items in the sacristy and sanctuary.

Skills Needed:

Those involved in this ministry should have:

- Reverence for the environment in which their work is performed.
- Reliability and commitment in performing their duties.
- Interest in contributing time and effort to enhance worship experience.

Training:

The training provided is “on the job” by Father Tom and attention to detail is needed. Training includes an explanation of liturgical cycles and associated relationships to worship.

Time Commitment:

Approximately 1 hour per week, depending on time of year. Time involvement is slightly higher during Advent, Christmas, Lent and Easter seasons.
