# Service Record Form

Jesus has been our model for service to others as an integral part of life. The service program will help youth integrate this spirit into their lives. All those who anticipate participation in the parish Confirmation preparation program are called to be involved in the service program. The guidelines are as follows:

- Youth should focus on completing a total **40** hours of service in four areas (10 hours in each) *prior* to 11<sup>th</sup> grade.
- The four areas are **COMMUNITY, FAMILY, PARISH, and YOUTH.**
- Tracking of hours may begin in 6<sup>th</sup> grade. Service Record Forms must be completed and submitted to the Youth Ministry Office in order to meet the program requirements. All forms submitted will be kept in the office records for future reference if needed by the youth until completion of the Confirmation program.
