

## **Mercy's Mission**

### **Our Mission:**

We tend to the spiritual needs of our parishioners who are elderly, homebound, in assisted living situations or in nursing homes. We help keep contact with these parishioners; in a sense we become their advocate to the parish. There are three different ministries:

- ◆ Visit the institution-bound
- ◆ Visit the homebound
- ◆ Be available as an alternate

### **Skills Needed:**

Just a smile, a touch or pleasant conversation to fulfill that particular day. The homebound may need help with grocery shopping, fixing meals, washing or just visiting.

### **Training:**

No training is required. You will be paired up to a person and then introduced to see if the fit is good. This becomes like an adoption.

### **Time Commitment:**

One hour per week. You can set a time that is convenient for you and the person you are visiting.
